Tips to reduce drying time:

- Spray fabrics with an even sweeping motion until lightly damp - not wet.
- Pull the spray trigger all the way back.
- Treat clothes with Downy Wrinkle Releaser the night before you plan to wear them. By morning, they'll be dry and ready to wear.
- Spray on garment and then tumble dry briefly (e.g., 10 minutes) on low heat for quick dewrinkling. Take garment out immediately when tumbling is finished.
- You can also use a hair dryer to quickly dry clothing you need to wear immediately.
